

PLAN Jeffco Academy

Session Outline Fall 2022

Program Goals

The PLAN Jeffco Stewardship Academy exists to:

- Promote PLAN Jeffco among county and metro-area residents
- Promote active stewardship of open space parks and other natural areas
- Broaden participants' perspective, appreciation, and stewardship awareness of open lands
- Encourage dialog and mutual understanding among community members and stewardship professionals
- Elicit new ideas for land stewardship from the community
- Provide participants with tools to act as advocates for land stewardship within their communities
- Create a sense of camaraderie and empowerment among participants

Learning Outcomes

At the end of this academy, participants should be able to:

- State the significance of PLAN Jeffco in the origination and development of the Jefferson County Open Space Park System
- Describe the history of Jeffco Open Space and its role as an example for other open space programs
- Understand the past, present, and future challenges of land stewardship and the role of the community in ensuring healthy lands for all
- Describe the ecological significance of open lands, threats to ecosystems, especially along the Front Range, and possible responses to those threats
- Demonstrate mindfulness of and consideration for the needs and concerns of different visitor groups
- Explain how individual actions impact the land, other visitors, and maintenance needs and costs
- List actions they can take to ensure open lands remain sustainable, safe, and available to all visitors and
- List actions they can take to ensure open lands provide sustainable and safe habitat for native flora and fauna

Academy Agenda
