The PLAN Jeffco Monthly, November 2023

PLAN Jeffco is a non-profit citizen organization, based in Jefferson County Colorado. For more than 50 years, PLAN Jeffco has advocated for conservation of open space.

PLAN Jeffco authored the "Open Space Resolution" ballot initiative in 1972 that provided a one-half percent sales tax in Jefferson County to establish the award-winning Jefferson County Open Space program.

Founders Sign Removed from Open Space Park

Early this year Jefferson County Open Space quietly removed without replacing an interpretive sign that had stood for about 20 years as a tribute to the visionaries whose genius and hard work launched PLAN Jeffco and created the Open Space Park system...

November is MEMBERSHIP MONTH!

November is the month of Thankfulness. We are truly thankful for you, and for your continued support. Without out, we could not continue to do our work.

November is the month when we send out our membership renewal notices via USPS. Due to unforeseen circumstances, this year the hard-copy mailing will be indefinitely delayed.

Therefore, we're asking you to consider using this digital portal to your PLAN Jeffco membership.

THANK YOU SO MUCH FOR ALL THAT YOU DO!

Nelson Property Permanently Protected 11/06/2023: This 120-acre homestead in Montrose and Delta Counties was first settled in the 1880s. The property is used today for livestock grazing and hay production, but many of the original structures are still standing. The property is a mix of irrigated fields, sagebush, and pinyon-juniper trees, with a half-mile frontage along Clear Fork Creek, sheltering Gunnison sage grouse, bald eagle, black bear, elk, mountain lion and mule deer. This property joins more than 12,000 acres of conserved agricultural land within a 10-mile radius.

Gross Reservoir Updates <https://www.denverwater.org/grossreservoir>

Construction is underway. Construction for the Gross Reservoir Expansion Project started April 1, 2022. The project will raise the height of the dam by 131 feet, tripling the reservoir's capacity from approximately 42,000 acre-feet to 119,000 acre-feet. When complete, the reservoir, located in western Boulder County, will be Denver Water's second-largest and will provide essential flexibility and resiliency to our customers in the face of increasing impacts from climate change.
